# Louisiana State Penitentiary's 2019 Career and Resource Fair

Louisiana Department of Public Safety & Corrections

## Partner With The Department

Louisiana State Penitentiary (LSP) at Angola would like to invite you to participate in our upcoming Career and Resource Fair Wednesday, November 13, 2019 from 9:00 am to 3:00 pm.

LSP and the Louisiana Department of Public Safety and Corrections are committed to working with Louisiana businesses to provide job opportunities for ex-offenders who are returning to our communities. These Louisiana citizens are looking for another chance to become productive, tax paying members of society. That is why we need your help in finding them meaningful employment.

### WHY ATTEND OUR CAREER & RESOURCE FAIR?

We have created an extensive list of education and vocational programs for our offenders to attend while incarcerated. Once they have completed one of our vocational programs they then earn valuable experience by working in their field of expertise. Our goal is to lower the recidivism rate by investing time and resources into these offenders to help ensure they do not return once released. That is why we need your help! We would like for you, private sector industry, to come to the grounds of the prison and give our program participants a chance at employment.
